- Replace the battery cover and press gently to close the case.
- Press and hold the Red power key to power your device on and off.

4. CHARGE YOUR HANDSET

- Plug the micro USB cable in to the handset
- The plug and socket are shaped so they will only fit together one way.
- A sound is played when the charger or USB cable is inserted into the handset.
- Only use the AC charger and USB lead supplied.
- Insert the charger lead carefully.
- Check the plug and socket are

aligned correctly.

- Do NOT use excessive force which may damage the USB port.
- Be careful to avoid tripping on the lead whilst it is plugged in.
- Physical damage to the USB port is NOT covered by warranty.
- Normal charge time is 3-4 hours.
- Do not leave on charge for more than 24hrs.
- Charge the battery between 0°C~45°C. Charge the battery promptly when flat.
- With poor network conditions (less than 2 bars) battery life is reduced.
- When not using Wi-Fi, Bluetooth and Location features turn these off to get longer battery life.
